Dear Sir or Madam,

I am writing to complain about the tablet that I bought from your website on April 10<sup>th</sup>. It's a gold Galaxy Tab A7 and my order number is 256748. Unfortunately, there were some problems with the product.

First of all, I waited two weeks for the delivery, but you had promised it would be only 3 days. Secondly, when I opened the package, I realized that the color was wrong. I received a silver Galaxy Tab instead of the gold one. And there was a crack on the screen. Someone might have dropped the package. When I checked the accessories, I noticed that the USB wire was missing. Moreover, when I installed the apps to the tablet, it kept restarting many times. That was so annoying.

I would like Smart Tech to exchange it or send me a refund as soon as possible.

I have enclosed a copy of my receipt. I look forward to hearing from you soon.

Your faithfully,

Noah Diogo

Updating your software is one of the easiest things you can do to stop hackers from attacking your system and protect your personal information. Moreover, **beware** of links to deals that are too good to be true on social networking sites. If you have doubts, contact the sellers directly.
